EXPERIENCE (CONTINUED)

ZoomSystems | Compliance Manager

San Francisco, CA | February 2008 - June 2011

- Responsible for the regulatory compliance of over 1000 automated retail stores in all 50 states, Guam, and Puerto Rico.
- Customized out-of-the box software to track tax and business license compliance, and store locations.
- Developed compliance workflows for store installs and closures, license renewals, monthly sales tax returns, and income tax returns; created documentation and trained compliance staff.
- Ensured proper sales tax compliance by researching jurisdictional tax laws, filing sales tax returns, and maintaining state taxability matrices.
- Managed sales tax, property tax, and business tax audits and filed annual corporate reports.
- Created and implemented the internal corporate financial policies and procedures manual.

Emergency University | Account Manager

Redwood City, CA | August 2006 - February 2008

- Hired, trained, and supervised a customer support team for an online CPR training company.
- Managed all aspects of corporate client accounts including: sale orders, scheduling onsite training, and site supervisor requests and concerns.
- Created instructor network program and application forms, and designed onsite training course materials and program evaluation forms.
- Developed customer service training manual and procedures for tracking customer issues.
- QA testing for online training bugs and report bugs to engineer.

4UIDesign | Project Manager & Jr. UX Designer (part-time)

San Carlos, CA | May 2004 - June 2011

Law Offices of Sandra Banks | Legal Assistant & Office Manager

Oakland, CA | September 2001 - August 2006

- Responsible for the support of a sole practitioner of bankruptcy, family law, civil, and real estate law matters.
- Client on-boarding including intake interviews.
- Assisted with trial preparation including document preparation, legal exhibits, and research.
- Drafted and edited legal documents

ACTIVITIES

ATL AngularJS Meetup Group | Co-Organizer & Social Media

Atlanta, GA | April 2015 - Current

- Plan monthly meetups for front-end developers interested in AngularJS and JavaScript.
- Planned and coordinated a one-day workshop on Angular & Ionic.
- Responsible for marketing and social media.
